Almo Nature Orange Label Dry Cat Food contains premium ingredients that are suitable only for pet food. The addition of minerals and vitamins completes the nutritional profile.

The cereals in Almo dry food, made completely digestible by the extrusion thermal process, when combined with fresh meat meet the nutritional needs of domestic cats.

Orange Label Dry Key Benefits

- Freshly caught fish from the sea – no farmed fish
- Real meat from free-range farms – no hormones or antibiotics are used in rearing
- No chemical additives or colouring
- Enriched with valuable NATURAL vitamins and minerals to ensure a healthy diet
- Complete food for cats

Almo Nature believes in a balanced diet for your cat and recommends alternating between meat and fish flavours to keep your cats' interest as well as providing with a complete dry food kibble.

Cats up to 4 kg: 110 g wet food + 35 g dry food

The amount of food given should be appropriate to the weight and activity levels of your cat.

Please make sure that your cat always has plenty of fresh drinking water.
